

# Vivid Work Crew

Working with local businesses to provide employment opportunities to adults living with disability.

## How it works

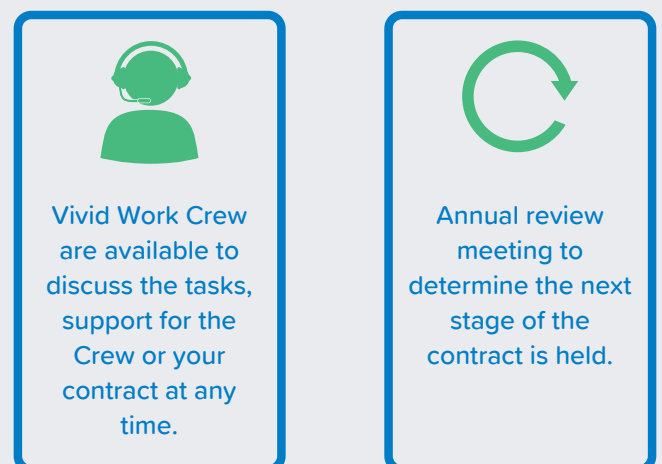

### STAGE 1: DETERMINING THE JOB

### STAGE 2: CREW COMMENCES

### ONGOING COMMUNICATION & RENEWALS

# Vivid Work Crew

Working with local businesses to provide employment opportunities to adults living with disability.

## Frequently Asked Questions

### How many people are part of the Crew?

The size of the Crew we send out will depend on the jobs you need to be completed.

### What are the costs incurred by my business?

Vivid Work Crew will discuss the requirements of your business with you. We will then put a quote together based on the size of the Crew that is needed and the frequency of the job.

### Is the contract flexible?

Yes.

### What happens if we don't need you to carry out the tasks some weeks?

You can call Work Crew about changing your contract and we will work with you to make those arrangements. The more notice we have, the better.

### Do I need extra insurance?

Vivid has the necessary insurance for all work carried out by Vivid Work Crew.

### I've never worked with people who have a disability. What do I need to know?

All of our Crews includes a Support Worker who acts as the Crew leader.

Our Supported Employees have a variety of abilities and needs.

We encourage you to get to know the individuals in your Crew so you can learn about their interests and ways of learning. You're bound to learn a lot from working with people of different abilities, just as they will be building their skills on the job.
