# Vivid & the NDIS

Vivid is a registered NDIS provider and ready to help you with your NDIS plan.

In this booklet you can discover the ways that Vivid can support you and help you achieve your goals. Ensuring that these supports are part of your NDIS plan is important.

Vivid is here to help you get the most out of your NDIS plan.

## What We Do

Vivid provides a range of care, support and pathways for over 250 adults with a disability. Support plans are flexible and suit individual needs. Our staff will work with you to help you achieve your goals and in some cases we can provide transport for people living in rural or remote areas.

We have divided our services up into four key areas. They are:

# Vivid Living

- Day Programs
- 1:1 Flexible Support
- Access All Areas

# Day Programs

Vivid Living's Day Programs give you choice and control about the life you want to live. Our program choices are designed to help you achieve your NDIS goals while providing positive experiences for you in the community. We will work with you to maximise your potential and provide opportunities based on your individual needs.

Programs are structured around key themes:

- Life Skills
- Healthy Living & Wellbeing
- Adventure & Recreation
- Cooking & Catering
- Gardening & the Environment
- Culture and the Arts
- Communication & Technology
- Work Experience

Vivid has a range of specific programs that fit into these key themes and individual timetables are created based on your choices.

Our day programs run between 9.30am – 3.30pm Monday to Friday in Swan Hill and Kerang. Contact Vivid to find out more about the program choices available to you.

Vivid's Break Buddies program offered over the Christmas and New Year breaks allows you to access your community in organised activities and outings. You get to hang out with your friends, visit local attractions and have a load of fun at the same time!

# 1:1 Flexible Support

With the overall aim of enhancing independence, confidence, self-esteem and life choices, Vivid is committed to providing support that suits the needs of each individual we work with. This means that support can be delivered at any Vivid site, within the community, at home or in a group.

Flexible Support could also be enjoying that long awaited holiday!

# Access All Areas

Vivid's Access All Areas (AAA) activities are a lot of fun. Come along and enjoy a night of pizza and pool night, a weekend outing in our local area or maybe travel further taking a trip to the Royal Melbourne Show or AFL

AAA and Break Buddies can be included in your NDIS plan and activity fees are charged separately!

If you're a school leaver and would like to make the transition into the workforce, then SLES (School Leaver Employment Supports) is a new supportive service available as part of the NDIS.

SLES offers you individualised support for up to two years to help get you ready for work and plan your pathway to employment. Your SLES plan will be tailored to meet your individual employment goal within our Vivid Work Crew sites.

# Supports in Employment

The path between supported employment and open employment can often feel like a big leap! Vivid Employment are excited about their partnerships with businesses that make this transition as smooth as possible.

Supports in Employment provides flexible and tailored on the job support to people with a disability who are employed directly by a local business.

Contact us to discuss how we can support you in your employment journey.

# Vivid Learning

Vivid Learning has a range of short courses on offer to help build your skills and independence.

Learners can choose from a range of courses including cooking, photography and digital literacy.

These courses are offered outside regular day program and work hours so we can welcome participants across all of our service streams.

You're going to have a lot of fun with friends and you'll be recognised for your efforts with a Course certificate.

The availability of each course in Swan Hill and Kerang depends on interest and enrolments. Be sure to tell us if you are interested in one of the courses.

# Support Coordination

Having a choice of providers (people who assist you with day to day living supports) is important in making sure that you get the support you need, how and when you need it.

A Support Coordinator will assist you with making appointments and connecting with providers.

Support Coordination can assist you by:

- Exploring options and identifying the services that will meet your needs outlined in your NDIS Plan;
- Overseeing and coordinating services, providers and support;
- Communicating with Government, NDIA and agencies on your behalf;
- Coordinating the type and timing of supports, including Service Agreements;
- Directing you to the correct providers in relation to a query or concern;
- Enabling information sharing between service providers;
- Obtaining quotes for services
- Linking you with your local community;
- Working with you to develop skills, capacity and resilience;
